Alert Police Nab Youths; Narcotics Charges Lodged

A white substance resembling heroin and four syringes were among items confiscated from two area youths when Torrance police arrested them Monday morning on narcotics charges.

Later patrolmen stopped

to investigate a suspicious-looking van parked on Cricklewood Street about 11 a.m. Police questioned Mark M. Anderson, 20, of 3341 Cricklewood St., and arrested him after a search of the van and Anderson's pockets turned up the syringes and white substance, orange capsules resembling Seconal packaged for sale, and various items used in the sale of heroin.

Police also arrested Peter D. Warwick, 19, of Palos Verdes, on the sale and possession charges when he emerged from the Anderson residence. Warwick is the registered owner of the van.

Accountants Place in Competition

The Palos Verdes-Torrance Chapter of the National Association of Accountants was awarded the 13th place banner for an outstanding performance in the annual competition conducted by the association.

Led by Merlyn K. Johnson, 1967-68 president, the chapter compiled enough points in a number of activities — including attendance at technical meetings, membership growth and retention, public relations, and a manuscript writing — to rank in the top echelon of NAA chapters.

Merlyn accepted the award on behalf of the chapter at the annual conference in New Orleans. Others attending from the local chapter were Robert Woolheater of Miraleste, Jason Terry of Palos Verdes Estates, Paul Carrere of 136½ Palos Verdes Blvd., and William McClellan of Palos Verdes Peninsula.

(Continued from Page 1) employe, suggested that Scharfman's pay be raised above Nollac's.

Ferraro labeled the suggestion "ridiculous."

COUNCILMEN appeared inclined to approve the flat 5 per cent hike for all non-civil service employes. A vote on the issue was delayed, however, when it was suggested that salaries of City Clerk Vernon Coil and City Treasurer Thomas Ruppert also be adjusted.

Ferraro was asked to provide estimates of the cost of the increase.

IN OTHER ACTION, the council:

- Voted to uphold the city's Planning Commission and deny General Telephone Co. of California a variance to add to facilities at 650 Palos Verdes Blvd. Residents of the Riviera section opposed the variance. In voting to deny the variance, councilmen rejected a telephone company request for a four-week continuance to develop an alternate scheme for the addition.

- Voted to hire the firm of Schwabacher-Rafferty and Co. as financial consultants for the addition of a \$1 million facility at the City Hall. The firm will be paid a base fee of \$7,500 if bonds are sold at a public offering and \$15,000 if a negotiated sale of bonds is required.

Burglars Take Machines, Cash

More than \$1,000 worth of business machines were stolen sometime over the weekend from Copolymer Corp., 825 Engarcia Ave.

Police investigating the burglary Monday morning said unidentified suspects apparently pried open a door and took two electric typewriters, an adding machine, a check protector, and a petty cash box.

Volcanic eruption formed the Petrified Forest on the road from Santa Rosa to Calistoga.

... Renewal

(Continued from Page 1) the end of June, Irwin said, 48 families, 18 individuals, and 4 businesses had been satisfactorily moved to new locations.

STILL to be relocated are 122 families, 50 individuals, and 36 businesses.

Demolition proceedings are also under way, Irwin said. Of the 143 structures in the project area, 59 (or 42 per cent) have been demolished.

Fifteen more structures will be destroyed soon, following RDA action Tuesday night to hire Allen's Excavating Co., 20336 Earl St., to complete the task. The company submitted the lowest of five bids: \$5,850.

Irwin also reported that nearly 75 million of the \$5,150,000 federal grant money for the project had been spent to date.

THOSE VOTING in favor of the policy change were Councilmen Orin Johnson, William J. Uerkwitz, Donald E. Wilson, and Mayor Albert Isen.

A few moments earlier, councilmen had rejected a motion from Councilman Ken Miller to file the whole issue.

Dr. Wilson said that he was sorry the question had come up because it shed a bad light on the integrity of administrative leaders within Torrance city government. He said he believes city department heads are doing an outstanding job and that they should be judged by the fact that they "get the job done."

A report submitted to the council by Ferraro indicates that city department heads average 27½ hours above a normal schedule each month, but averaged less than five hours time off per month.
